As the is used, place has to be definite. The is used with superlative degree.

---

**34. B - steel, steal**

---

**35. D - no article required**

When an article is not required we call it zero article.

Zero article is used :

- 1) with proper nouns
- 2) with means of transport
- 3) with common expression of time and place.

E.g. at midnight, at office

4) With common nouns when we refer to a group generally e.g. Frogs are amphibians.

5) With names of the cities and countries. If we refer to a group of countries or kingdom of a country then "the" is used. e.g. The United States of America, The Kingdom of Bahrain etc.

6) With material noun when they are used in general sense like gold is precious.
